WHERE OUR STORY BEGINS

Our brand Sancrea is working to offer a wide range of products to our valued customers, with its meticulous work from the procurement of raw materials to processing and transforming them into their final form. It takes important steps in the development of the sector with the support given to the R&D studies of the manufacturers operating in the furniture sector. In addition, our company Sancrea aims to be among the leading companies serving the Horeca sector.

FACTORY 2

In addition, our company Sancrea aims to be among the leading companies serving the Horeca sector. Hotel, restaurant, cafe, bar, architectural offices etc. has adopted the principle of being a long-term project partner of organizations. It has proven and accepted its quality in all provinces of Turkey and around the world through its domestic and international wide sales network and supplier furniture manufacturers. With our structure that symbolizes the starting point of innovation, we are struggling with more excitement for you every day. We are pleased and proud to serve you, our valued customers, with our quality products, with our qualified team of 460 people in our production facilities of 72.000 m² in total.

Let's get to know Sancrea closely.

At Sancrea, every design begins with a deep understanding of function, form, and emotion. We believe that good design is not just about aesthetics; it's about meaning. We never compromise on originality. Each piece is crafted with creative intention and a refined vision.

Sancrea attaches importance to design & original designs are always the priority.

From solid wood to premium fabrics, every material is handpicked to ensure long-lasting performance and elegance.

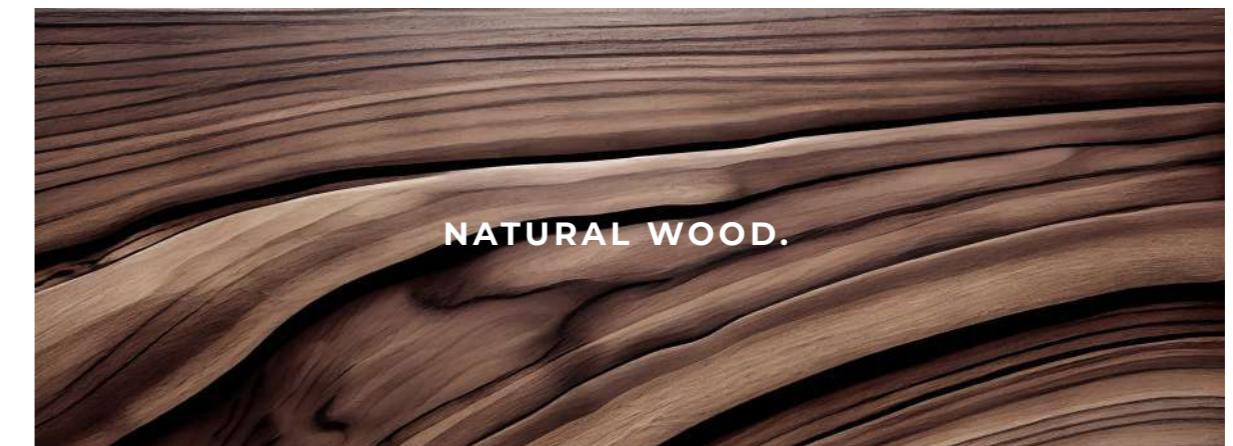

Quality materials & durability are at the forefront..

At Sancrea, design is not just about shaping objects; it's about shaping experiences. Each product reflects our core values: authenticity, durability, and emotional connection. By harmonizing aesthetics with functionality, we craft timeless pieces that resonate with purpose and character.

SANCREA
HOTEL-RESTAURANT-CAFE-PROJECT

Design is a long journey & this journey must be combined with our values.

This journey begins with raw, honest materials: natural wood, fine fabric, and solid craftsmanship. We believe in the integrity of every detail, from the curve of a chair to the grain of the wood. Every decision is intentional, every design is a dialogue between tradition and innovation.
